

Specimen Labeling

*Always remember that it is important to properly label any specimen sent to the lab to avoid rejection. Our #1 priority is patient safety, therefore the lab **will reject** any specimen that is unlabeled or improperly labeled.*

Labeling Requirements:

- Patient's Full Name—First & Last**
- Patient's Date of Birth (DOB)**
- Date & Time of Specimen Collection**
- Collector's Full Name—First & Last
- Source & Site (if a specimen other than blood)
